

# TOUCHLESS CASH PAYMENT EXPERIENCE

CONSUMER FACING CASH RECYCLERS

CIMA manufactures the industry's most comprehensive range of compact cash recycling solutions designed to automate cash payments at the point of sale (POS). Customers can pay into our recyclers and receive change without handing money to the operator. This reduces cash shrink and eliminates the need for managing cash manually at POS. Our INLANE range is ideal for convenience retail, cafés, fast food/QSR, bakery or pharmacy.

- **CLEAN & HYGIENIC**  
Customer pays directly into kiosk.
